

Boston

Known more for its history, seafood, and successful professional sports franchises, Boston also has plenty to offer in the golf world. The Country Club in Brookline is an American classic and has hosted a number of major championships, including the 2022 U.S. Open. Boston Golf Club has been compared to Pine Valley, with more of a modern architectural feel. Salem Country Club is an old-school Donald Ross design with updated bunkering, and Old Sandwich on Cape Cod is a modern design with a traditional seaside links feel.
