

Phoenix

There is no shortage of golf courses in the Phoenix area, nor is there a lack of luxury accommodations. But let's focus on the more architecturally impressive tracks. We-Ko-Pa is a fantastic routing with views of four different mountains and impressive bunkering. Golf Club at Dove Mountain features a vast cactus forest and a secluded canyon. Grayhawk Golf Club offers the Tom Fazio-designed Raptor Course, known for its signature shaping and bunkering. Wickenburg Ranch's Big Wick Course is an impressive layout with views of Vulture Peak and Prescott National Forest.
