

Scandinavia Sensation

Travel to northern Norway—yes, inside the Arctic Circle—to play Lofoten Links, a modern coastal European design where playing golf 24 hours a day, and under the northern lights, is not just a dream. The Scandinavian and Great Northern Golf Clubs in Denmark are top-shelf, modern designs as well, and Copenhagen is a magnificent hub city for sightseeing. Bro Hof Slott in Sweden is a primarily tree-free course routed around fingers of land protruding into a picturesque body of water northwest of Stockholm.
